Education

Co-operation on study programs at Faculties of medicine, cooperation with Institute of Postgraduate Studies in Prague.

Co-operation with Ministry of Health in transformation of postgraduate education of medical doctors: Medical Faculties will be responsible for this education (instead of Postgraduate Studies in Prague) since the beginning of the year 2012.

Active participation of the project Lab Tests Online – education of patients and their relatives as well as non-laboratory workers in health care in problems of laboratory medicine; finalization of translations (see web pages: <http://www.labtestsonline.cz>).

Prof. Racek participated as a national Lab Tests Online editor on the Meeting of National LTO editors (Barcelona, Spain, 25th – 26th March 2011) and at the Editors Meeting during AACC Annual Meeting (Atlanta, Georgia, 26th July 2011).

Regional relations

-

International relations

- Our representatives (Prof. Zima and Prof. Racek) participated at the 21st Triennial Meeting of IFCC Council (15th May 2011) and 4th EFCC General Assembly (13th May 2011) during IFCC WorldLab and EuroMedLab, Berlin (Germany), 15th – 19th May 2011).
- Prof. Zima was elected as Member-at-Large, EFCC Executive Board, for his first period.
- Prof. Zima worked as corresponding member of IFCC Scientific Division.
- Ing. Sprongl was became a corresponding member of the EFCC Working Group on Preanalytical Phase (WG-PA).

Additional information

- Approval of joint national guidelines “Laboratory diagnostics of thyroid function and autoimmune diseases” (January 2011, (in co-operation with Czech Endocrinological Society).
- Approval of guidelines “Estimation of glycated haemoglobin by POCT. Minimum of information needed” (February 2011).
- Approval of national guidelines “Reception of biological material in clinical laboratory” (March 2011).
- Approval of national guidelines “Receipt of Biological Material by a Clinical Laboratory” (March 2011).
- Approval of national guidelines “Introducing and Use of POCT Tools” (April 2011).
- Work on update of joint national guidelines: “Diagnostics and follow-up of diabetes mellitus” (in co-operation with Czech Diabetological Society).
- Translation of the last 24 tests and 7 diseases and conditions in frame of Czech version of the project Lab Tests Online; thus translation of the whole US version was completed. It was not a simple translation but at the same time adaptation for situation and guidelines valid in the Czech Republic.
- Editing the national scientific journal “Klinicka biochemie a metabolismus”, co-editing journal “FONS”, publishing news in clinical biochemistry and activities of Czech Society of Clinical Biochemistry.
- Expert guaranty of EQA system on Czech Republic.
